2900 Hooky20

Serie
2900 Hooky20

- +** Nuova Serratura brevettata con movimento Traslante e Rotatorio del gancio
Patented Lock with Sliding and Rotating movement of the hook-bolt
- +** Kit Maniglie ad incasso Innovativo brevettato
Patented Set of Innovative Encased Handles
- +** Quadro Telescopico 8mm
Telescopic Spindle 8mm

- +** Piastre con dimensioni e posizione del gancio adattabili alle sedi più diffuse
Plates with dimension and hook position adaptable to the most common locations
- Frontale lineare senza viti di fissaggio
Frontal plate without fixing screws

Installazione senza utensili, viti, grani o silicone
Installation without tools, screws or glue

Quadro telescopico integrato nelle maniglie del kit, si adatta automaticamente allo spessore della porta senza aggiustamenti della lunghezza

The telescopic spindle is perfectly integrated into the handles and automatically adapts to the thickness of the door during the installation without adjusting its length

Serrature a gancio e placche incasso per porte scorrevoli
Hook-bolt locks with encased plates for sliding doors

Meno di 1 minuto per installare manualmente il kit completo sulla porta

Less than 1 minute to manually install the complete kit on the door

Design minimale e moderno senza alcuna sporgenza del pomolo dalla placca

Minimalist and modern design without projection of the knob beyond the plate

Serie 2900 Hooky20

Ampio range di spessori porta, da 38mm fino a 48mm

Wide range of door thicknesses, from 38mm up to 48mm

sab

BREVETTATO - PATENTED

Serrature a gancio e placche incasso per porte scorrevoli
Hook-bolt locks with encased plates for sliding doors

2900 Hooky20

La nuova serratura a gancio si distingue dalle tradizionali per il **frontale senza viti** di fissaggio e la possibilità di **adattarsi alle sedi esistenti**.

*The new lock differs from the traditional ones for the **frontal plate without fixing screws** and possibility of **adapting to existing seats**.*

Il movimento del gancio, traslante e rotatorio solo nella parte finale della sua corsa, assicura il perfetto aggancio della contropiastra.

The movement of the hook, translating and rotating only at the end of its stroke, ensures the perfect coupling of the striking plate.

L'ampia tolleranza tra gancio e il foro della contropiastra che lo accoglie (+/- 4,5mm), compensa eventuali disallineamenti della porta rispetto alle tradizionali serrature a gancio.

The wide tolerance between the hook and the hole of the striking plate (+/- 4,5mm), compensates for any misalignment of the door compared to the traditional hook locks.

Serie
2900 Hooky20

- + Piastre con dimensioni e posizione del gancio adattabili alle sedi più diffuse

Plates with dimension and hook position adaptable to the most common locations

- + Design minimale e moderno senza sporgenze e viti

Minimalist and modern design without projection of the knob and without screws

- + Leva di trascinamento integrata nel frontale della serratura

Pull lever integrated in the lock
